- Computer Applications
- Communication Technology
- Biomedical & Bioinformatics
- Mechanical Applications
- Ocean Technology & Applications
- Humanities & Commercial Applications

## CALL FOR REVIEWERS

One of the things that will separate ISIEA 2010 with other conferences is the peer review process. The success and strength of the technical program depends on you and people like you taking a few minutes of your precious time to read the papers submitted and giving a thoughtful review. Do sign up as a reviewer by sending email to : [ieeisiea@gmail.com](mailto:ieeisiea@gmail.com)

To become a reviewer first register with yourself EDAS at [edas.info](http://edas.info) OR [www.edas.info](http://www.edas.info) if you have not done it previously. Then send an email to [ieeisiea@gmail.com](mailto:ieeisiea@gmail.com). Upon receiving email inviting to become reviewers, please login into EDAS and choose respective field of interests.

## PAPER SUBMISSION

**Submission Format :** Please submit full papers to the Conference website address <http://edas.info/N8251>. All submitted papers should be in the form of PDF file and are to be limited to a maximum length of 6 pages (A4 size, single space, Times Roman of font size 10, two columns format), including figures, tables and references. It is recommended to use the template available from the website. Upon acceptance, authors will be required to register and present their papers. Papers will be published in the conference proceedings only if at least one of the authors is officially registered and presented. Each full registration covers a maximum of two papers. Student registration will cover a single-paper final submission and presentation. **The authors must not indicate their names and affiliations in the body of the paper submitted.** The authors only give their personal information during online submission. A double-blind peer review process will be used to evaluate all papers submitted for consideration.
